INDEPENDENT AUDITOR'S REPORT

March 28, 2024

To the Board of Directors Coastal Bend Bays & Estuaries Program, Inc. Corpus Christi, Texas

Opinion

We have audited the accompanying financial statements of Coastal Bend Bays & Estuaries Program, Inc. which comprise the statement of financial position as of August 31, 2023 and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Coastal Bend Bays & Estuaries Program, Inc. as of August 31, 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Coastal Bend Bays & Estuaries Program, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Coastal Bend Bays & Estuaries Program, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Coastal Bend Bays & Estuaries Program, Inc.'s internal control. Accordingly, no such opinion is expressed.⁴
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Coastal Bend Bays & Estuaries Program, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements*, *Cost Principles*, and *Audit Requirements for Federal Awards*; and the accompanying schedule of expenditures of state awards, as required by the State of Texas *Single Audit Circular* are presented for purposes of additional analysis and are not required parts of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards, and the accompanying schedule of expenditures of state awards, are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Requirements by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2024, on our consideration of Coastal Bend Bays & Estuaries Program, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Coastal Bend Bays & Estuaries Program, Inc.'s internal control over financial reporting and compliance.

Notes to the Financial Statements August 31, 2023

Note 1 - Summary Of Significant Accounting Policies

Organization

Coastal Bend Bays & Estuaries Program, Inc. is a nonprofit Texas corporation chartered in August 1999. The Organization was organized to implement the Coastal Bend Bays Plan, which seeks to ensure that the Coastal Bend Bays & Estuaries remain a vibrant part of the region's environmental and economic landscape by preserving and enhancing their roles as a recreational resource, international seaport, and habitat for fish and wildlife.

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under the accrual basis of accounting, revenues are recorded as earned and expenses are recorded at the time liabilities are incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Financial Statement Presentation

The Organization reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions, which represents the expendable resources that are available for operations at management's discretion, and net assets with donor restrictions, which represents resources restricted by donors as to purpose or by the passage of time, or which represents resources whose use by the Organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization.

Federal Income Tax Accounting

The Organization is exempt from federal income taxes under Section 50l(c)(3) of the Internal Revenue Code. However, an annual return must be filed for each fiscal year on Form 990, Return of Organization Exempt from Income Tax, to report details of operations and financial position.

Revenue Accounting

Government grants are recognized as revenue in the period of related expenses. Therefore, unreimbursed expenses are accrued as accounts receivable and excess reimbursements are accrued as a liability, to be refunded to the government.

Government Grant Revenues

A significant portion of the Organization's public support and revenues are from various government grants. Federal funds and state funds are provided through the Texas General Land Office, Texas Commission On Environmental Quality, U.S. Fish & Wildlife Service, U.S. Environmental Protection Agency and U.S. Department of Commerce, National Oceanic and Atmospheric Administration (NOAA). Local funds are provided by the City of Corpus Christi, Port of Corpus Christi, San Patricio County, City of Ingleside, City of Portland, City of Port Aransas and Nueces County.

Notes to the Financial Statements August 31, 2023

Note 1 - Summary Of Significant Accounting Policies (continued)

Contributions

Contributions are recognized as revenue when they are received or unconditionally pledged. All contributions are available for unrestricted use unless specifically restricted by the donor.

Donated Materials, Equipment and Services In Kind Services)

Donated materials and equipment and donated services are recorded as contributions at their estimated values at the date of receipt.

Functional Allocation of Expenses

The costs of providing Coastal Bend Bays & Estuaries Program, Inc.'s programs and other activities have been presented in the statement of functional expenses. Indirect or shared costs, including personnel costs, management fees, and occupancy and maintenance, are allocated among the program and support services by a method that best measures the relative degree of benefit.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. The cash restricted is considered to be a cash equivalent for purposes of the statement of cash flows.

Investments

Investments are recorded at fair market value. Both unrealized gains and losses from the fluctuation of market value and realized gains and losses from the sale of investments are reflected in the statement of activities.

Concentrations of Credit Risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counterparties failed to completely perform as contracted. Management believes the likelihood of incurring material losses due to concentration of credit risk is remote. The principal financial instruments subject to credit risk are as follows:

The Organization's cash and cash - restricted are deposited with a financial institution (bank). The cash deposited exceeds the FDIC (Federal Deposit Insurance Corporation) insured limits and is not secured by any other collateral.

Grants Receivable

Grants receivable represent amounts due under grant contracts after expenditure of allowable costs.

Property and Equipment

Property and equipment are stated at cost or donated value. Improvement and replacement of property and equipment greater than \$5,000 are capitalized. Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

	Estimated
Asset Class	Useful Lives
Equipment	5-10
Classroom Structure and Improvements	15-25

Notes to the Financial Statements August 31, 2023

Note 1 - Summary Of Significant Accounting Policies (continued)

Deferred Revenues

Grants funds advanced before incurrence of related expenses are recorded as a liability. When related expenses are incurred, the deferred amounts are recognized as revenue.

Subsequent Events

Management has evaluated subsequent events through March 28, 2024, the date which the financial statements were available to be issued.

Note 2 - Fair Value Measurement - Investments

The Organization's assets and liabilities reported at fair value are valued using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy defines three levels of inputs, giving the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities and the lowest priority to unobservable inputs.

The Organization uses the following hierarchical disclosure framework:

<u>Level 1</u> - Measurement based upon quoted prices for identical assets in an active market as of the reporting date.

<u>Level 2</u> - Measurement based upon marketplace inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

<u>Level 3</u> - Measurement based on the Organization's assumptions about a hypothetical marketplace because observable market inputs are not available as of the reporting date.

The Organization uses appropriate valuation techniques based on the available inputs to measure the fair values of its assets and liabilities. When available, the Organization measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs have the lowest priority.

The following table sets forth by level within the fair value hierarchy, the Organization's assets measured at fair value on a recurring basis as of August 31, 2023:

<u>Description</u>	Level 1	Level 2	Level 3	<u>Total</u>
Cash and Cash Equivalents	\$ 401,077	\$ -	\$ -	\$ 401,077
Fixed Income	6,959,800	-	-	6,959,800
Equities	1,634,512	-	-	1,634,512
Exchange Traded Funds	919,055	-	-	919,055
Other Assets	634,768			634,768
Total Investments	\$ <u>10,549,212</u>	\$	\$	\$ <u>10,549,212</u>

Notes to the Financial Statements August 31, 2023

Note 3 - Grants Receivable

Grants receivable at August 31, 2023, consisted of the following:

Texas General Land Office	\$1,770,872
Texas Commission on Environmental Quality	769,483
Environmental Protection Agency	734,072
Matagorda Bay Mitigation Trust	498,000
National Fish & Wildlife Foundation	481,900
U.S. Fish & Wildlife Service	452,493
Texas Parks & Wildlife Department	139,156
Local Governments	22,500
Coastal Bend Industry Association	18,750
Other	21,833
Total Grants Receivable	\$ <u>4,909,059</u>

All grants receivable are due in less than one year. Management believes all grants receivable to be collectible.

Note 4 - Property and Equipment

Property and equipment at August 31, 2023 consisted of the following:

Land (Habitat)-Deed Restricted Classroom Structure	\$18,383,775
and Improvements	43,961
Equipment	<u>584,670</u>
Total	19,012,406
Less accumulated depreciation and amortization	(246,311)
Property and equipment, net	\$ <u>18,766,095</u>

Land (Habitat) - The Coastal Bend Bays & Estuaries Program Inc. acquires real property interests in wetlands and associated uplands to ensure that the real property will be administered for the long-term conservation of such lands and waters and the migratory birds and fish and other wildlife dependent thereon. Acquisitions of real property are reported at cost and donations of land are reported at fair value at the date of donation based on highest and best use, as required by accounting standards.

Conservation Easements - CBBEP holds third-party conservation easements on 1,100 acres of property owned by various local governments. These properties were acquired by local governments for use as parks and protected green space. The conservation easements were donated at no cost to CBBEP in order to satisfy the requirements of the grants used by local governments to purchase the properties. No values have been placed on these easements, due to the lack of foreseeable future cash flow benefits and absence of a secondary conservation easement market.

Notes to the Financial Statements August 31, 2023

Note 5 – Lease Commitments

New Accounting Standard - Leases

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)* intended to improve financial reporting regarding leasing transactions. The new standard affects all organizations that lease assets. The standard will require organizations to recognize on the statement of financial condition the assets and liabilities for the rights and obligations created by those leases if the lease terms are more than 12 months. The guidance also will require qualitative and quantitative disclosures providing additional information about the amounts recorded in the financial statements. This standard was implemented effective fiscal years beginning after December 15, 2021. The effect of implementation was to establish right-to-use assets of \$366,586 and related lease obligations of \$366,586.

CBBEP has elected to use a risk-free discount rate of 3% to measure the lease liability at the present value of the lease payment not yet incurred on the office space facility.

Leasing Arrangements

CBBEP leases office suites at the Port Annex Building, 1305 Shoreline Blvd. in Corpus Christi, Texas. The office suites lease commenced October 2022, contains a 1% increase every twelve months and runs through September 2027.

At August 31, 2023, maturities for the operating lease liabilities for office suites are as follows:

Year Ending	
<u>August 31</u>	
2024	\$ 78,585
2025	80,728
2026	81,535
2027	82,351
2028	6,874
Total Payments	330,073
Less: Interest	19,982
Present Value	
of Lease Liability	\$ <u>310,090</u>

Rent expense for real property for the years ended August 31, 2023 is \$83,080.

Per an agreement with the Port of Corpus Christi Authority (the Port), CBBEP is allowed to use the office suites noted above rent-free when providing certain services to the Port. When the rent-free terms are in effect, an in-kind contribution from the Port is recognized along with a corresponding in-kind lease expense. See Note 13.

Notes to the Financial Statements August 31, 2023

Note 6 – Deferred Revenues

Deferred revenues at August 31, 2023, consist of advances from the following organizations:

Knobloch Family Foundation	\$372,662
Kleberg Foundation	116,155
Aransas County	52,194
Jacob and Terese Hershey Foundation	50,000
Aransas County Navigation District	14,500

Total Deferred Revenues \$605,511

Note 7 – Prior Period Adjustments

During the fiscal year ended August 31, 2023, a prior period adjustment was made to increase restricted net assets by \$114,280 to correct the classification of certain amounts from deferred revenues to contributions subject to conditions. Another prior period adjustment was made to decrease restricted net assets by \$45,464 to record the return of a prior year contribution for a project no longer needing to be performed.

Note 8 - Donor Restricted Net Assets

Donor restricted net assets were available for particular purposes as of August 31, 2023:

Delta Land Service Mitigation	\$ 410,277
AEP Wetlands Mitigation	272,913
NDP Improvements	97,822
Port of Corpus Christi	,
Wetlands Mitigation	71,980
Coastal Waterbird Project	69,514
Coastal Conservation Association	,
- Egery Marsh Restoration	65,400

Total Donor Restricted Net Assets	\$ <u>1,201,545</u>

Notes to the Financial Statements August 31, 2023

Note 9 - Net Assets Released from Restrictions

Net assets were released from donor restrictions by incurring expenses, satisfying the restricted purposes by donors as follows:

Environmental projects funded

by federal and state grants \$5,251,964 Private non-profit corporate grants 1,754,481

Total \$7,006,445

Funds totaling \$400,778 provided by certain federal and state grants, and as allowed by the grant contracts, were used as and are included in management and general expenses presented on the statement of functional expenses.

Note 10 - Federal, State and Other Funded Grant Agreements

CBBEP has ongoing grants with the following:

- National Fish & Wildlife Foundation
- Texas Commission On Environmental Quality
- Texas General Land Office
- United States Fish and Wildlife Service
- United States Environmental Protection Agency Region VI

Note 11 - Local Governmental Contributions

As of August 31, 2023, the Organization had received the following contributions from local governmental sources:

Port of Corpus Christi	\$90,000
City of Corpus Christi	75,000
Nueces County	50,000
San Patricio County	50,000
City of Port Aransas	5,000
City of Portland	5,000

Total Contributions \$275,000

Note 12 - Retirement Plan

The Organization established a defined contribution Section 401(k) employee retirement plan. All employees are eligible to participate in the plan immediately upon employment. The Plan requires that the Organization make discretionary contributions in each Plan Year to the Individual Retirement Accounts of all eligible employees. The plan provides that the Organization contributes 3% of the gross compensation of all eligible employees and also make matching contributions equal to 100% of the portion of each eligible employee's 401(k) contributions that do not exceed 6% of the employee's eligible pay. For the year ended August 31, 2023 the Organization contributed \$94,757.

Notes to the Financial Statements August 31, 2023

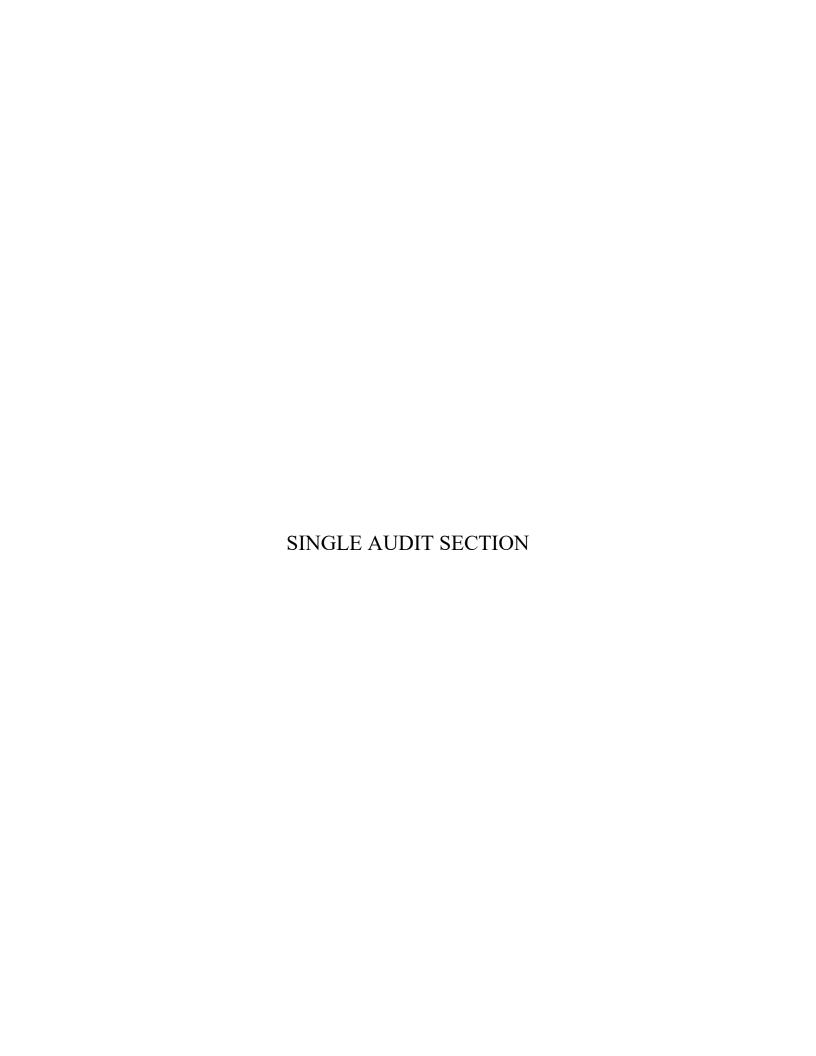

Note 13 – Port Development Services Agreement

Effective for calendar year 2023, the Organization entered into a development services agreement with the Port of Corpus Christi Authority (POCCA). In return for providing services to POCCA related to the implementation of the Coastal Bend Bays Plan, POCCA is paying \$90,000 to the Organization and is providing office facilities that include space for the organization's use rent-free. The agreement also provides for POCCA to appoint one representative to the Organization's Board of Directors.

Note 14 - Liquidity and Availability of Financial Assets

The liquidity and availability of the Organization's financial assets to fund general expenditures as of August 31, 2023 is shown below:

Financial Assets:	
Cash and cash equivalents	\$ 1,017,933
Restricted cash and cash equivalents	1,201,545
Investments - Cash and cash equivalents – Unrestricted	401,077
Grants receivable	4,909,059
Investments - Noncurrent - Unrestricted	10,148,135
Total Financial Assets	17,677,749
Less assets unavailable for General Expenditures:	
Donor restricted net assets	(1,201,545)
Investments - Long-term – Unrestricted	(10,148,135)
Financial assets available to meet cash needs	
for general expenses within one year	\$ <u>6,328,069</u>

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

March 28, 2024

To the Board of Directors Coastal Bend Bays & Estuaries Program, Inc. Corpus Christi, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Coastal Bend Bays & Estuaries Program, Inc. (a nonprofit organization), which comprise the statement of financial position as of August 31, 2023, and the related statements of activities, functional expenses, and cash flows for the year ended, and the related notes to the financial statements, and have issued our report thereon dated March 28, 2024.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Coastal Bend Bays & Estuaries Program, Inc. 's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Coastal Bend Bays & Estuaries Program, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe that a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Coastal Bend Bays & Estuaries Program, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance and by the State of Texas Single Audit Circular

March 28, 2024

To the Board of Directors Coastal Bend Bays & Estuaries Program, Inc. Corpus Christi, Texas

Report on Compliance for Each Major Federal and State Program

We have audited Coastal Bend Bays & Estuaries Program, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the State of Texas *Single Audit Circular* that could have a direct and material effect on each of Coastal Bend Bays & Estuaries Program, Inc.'s major federal and state programs for the year ended August 31, 2023. Coastal Bend Bays & Estuaries Program, Inc. 's major federal and state programs are identified in the summary of auditor's result section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Coastal Bend Bays & Estuaries Program, Inc.'s major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, and the State of Texas *Single Audit Circular*. Those standards and the Uniform Guidance and Texas *Single Audit Circular* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occured. An audit includes examining, on a test basis, evidence about Coastal Bend Bays & Estuaries Program, Inc. 's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination on Coastal Bend Bays & Estuaries Program, Inc.'s compliance.

Opinion on Each Major Federal and State Program

In our opinion, Coastal Bend Bays & Estuaries Program, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2023.

Report on Internal Control Over Compliance

Management of Coastal Bend Bays & Estuaries Program, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Coastal Bend Bays & Estuaries Program, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Coastal Bend Bays & Estuaries Program, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than as material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the State of Texas Single Audit Circular. Accordingly, this report is not suitable for any other purpose.
