

Clean Rivers Bays & Beaches Ríos Bahías y Playas Limpios

Preventing bulk trash from reaching our waterways by targeting illegal dumping in Texas Coastal Bend watersheds.

Kathryn Tunnell, Project Manager

- EPA Trash Free Waters Grant \$406,377
- 3-year project (Jan 2022 - December 2024)
- Remove barriers (e.g., cost, accessibility) that can prevent correct disposal of illegally dumped items by providing disposal dumpsters, cleaning up existing dump sites, and improving community awareness of problems associated with illegal dumping.
- Target small rural communities (i.e., Bishop pop. 3,100, Premont pop. 2,400).

Thank you!

- There is a HUGE need!
- Community support is critical
- Be strategic with advertising
- Due to the popularity of the program, we ran out of disposal fees
- Supplemental disposal fees provided by CBCOG, and CBBEP (FY24), and Valero (pending)
